To: All Sai Devotees

From: International Events Committee, Sathya Sai International Organisation

Subject: Volunteer Registration for the Tenth World Conference

Dear Brothers and Sisters,

Om Sai Ram!

The Events Committee of the Sathya Sai International Organisation (SSIO) lovingly invites all interested members to serve as volunteers in the Tenth World Conference of the SSIO, to be held in Prasanthi Nilayam, during 25th – 27th November, 2015.

In order to volunteer, all interested devotees must register by completing the following [Non-Delegate Volunteer Registration Form](#). Although opportunities to serve will remain available until the conference dates, **we request all interested volunteers to register as soon as possible. Early registration will facilitate planning and provide an early confirmation on team/task allocation.**

A few items to note about this form:

- 1. This is not a delegate registration form and must not be used by delegates.**
This registration form is only for Non-Delegate Volunteers who have not been registered as part of another Delegate Registration form.
- Volunteers interested in the Registration, Accommodation, or Welcome/Hospitality Teams **must arrive in Puttaparthi by 16th November. Volunteers for all other teams must arrive by 18th November.**
- This is a family-based form. You can use this form to register yourself, and other members of your family, including additional volunteers. If you have more than five volunteers in your family, then please complete an additional Registration Form.
- Please have passport and visa expiry dates for all traveling family members prior to filling-out this form.
- Please carefully read all additional instructions on the form.
- For assistance with this form, please email us at wc2015@sathyasai.org.

We are delighted about your support of this historical conference, in honour of our beloved Swami.

- International Events Committee, Sathya Sai International Organisation
